About Sister Cities International: Sister Cities International aims to promote peace through mutual respect, understanding, and cooperation – one individual, one community at a time. This year's theme, **Connecting Communities for Peace and Prosperity**, celebrates Sister Cities International's mission.

Sister Cities International founder President Dwight D. Eisenhower reasoned that, by becoming friends, people of different cultures could celebrate and appreciate differences. If people connect across national boundaries and get to know each other, their mutual respect and understanding can transform diplomatic relations and foster peace and prosperity. Artists from around the world are encouraged to use their imagination. What is your vision of peace? How does connecting globally allow you and your community to prosper?
